

## Plugged In Band Program

---

# Band Configuration Policy

---

*updated 8.15*

**Student Name:** \_\_\_\_\_

At the start of each new Plugged In session, returning students can choose to stay in the same band they were in before or elect to be in a new band. Any returning band making a change to its configuration must contact Sandra, Tom or Dan so we can ensure that all students feel safe and comfortable with the change and are treated with respect, fairness and kindness.

If a band member is asked to leave a band against their wishes, that band must take one session off from Plugged In. The individual band members can participate in Plugged In during that session in different bands. After one session, the original band can return to Plugged In with the changed configuration.
